

Channetize

Global Channel Management

Turn content libraries into global digital channels.

Revenue-share partnerships • Localization • Distribution • Monetization

The Opportunity

- Content libraries often sit undermonetized in digital markets.
- FAST, AVOD and YouTube channels require large volumes of evergreen programming.
- Localization unlocks new territories and audiences.
- Channel packaging turns catalogs into scalable digital brands.

Our Partnership Model

- You provide the content library and digital rights.
- Channetize handles localization, channel creation and operations.
- We distribute channels across FAST, AVOD and digital platforms.
- Revenue from advertising and platforms is shared.
